## PROFESSIONAL SUMMARY

Front End Developer with over 2 years of experience in designing responsive, user-centric web applications. Skilled in HTML, CSS, JavaScript, and PHP, with strong expertise in ReactJS, Bootstrap, SEO, and CRM integration (HubSpot). Proven track record in Agile environments, delivering high-quality, efficient code that boosts engagement and optimizes performance. Eager to contribute innovative solutions and stay updated with industry best practices.

## PROFESSIONAL EXPERIENCE

### Front End Developer

Kido Education Pvt Ltd — Mumbai, India

August 2022 – July 2024

- **Responsive EB5 Website Development**
  - Designed and maintained a responsive, high-performance front end for the EB5 website using HTML, CSS, and JavaScript. Reduced load times by 30%, contributing to a 15% increase in user session duration and enhancing accessibility across devices.
- **Enhanced User Engagement on Kido Club Platform**
  - Led the development of interactive components on the Kido Club website using ReactJS, improving mobile engagement by 25% and enhancing user satisfaction through dynamic UI elements.
- **Dynamic Front-End and CMS Integration**
  - Developed a PHP-based, WordPress-integrated CMS solution, empowering marketing teams to manage site content autonomously, reducing content publishing time by 40% and enhancing operational efficiency.
- **Custom CMS Development for Real-Time Updates**
  - Created a tailored CMS system allowing stakeholders to execute live content updates with ease, eliminating delays in content changes and significantly enhancing team productivity.
- **HubSpot CRM Integration with API Automation**
  - Integrated HubSpot CRM with custom API solutions, streamlining lead tracking and data synchronization, leading to a 20% increase in conversion rates and optimized customer relationship management.
- **SEO Optimization and Data Analytics**
  - Executed comprehensive SEO strategies, integrating Google Analytics and Tag Manager for advanced user tracking, resulting in a 35% boost in organic site traffic and enhanced data-driven decision-making.

### Front-End Developer Intern

Dojo Sports — Mumbai, India

October 2021 – December 2021

- Developed user-friendly web pages using HTML5, CSS3, JavaScript, and Bootstrap for multiple client websites, improving mobile responsiveness by 20%.
- Ensured cross-browser compatibility and compliance with WCAG accessibility standards, resulting in increased website usability.
- Implemented AJAX for dynamic, asynchronous content updates, enhancing user engagement without reloading the page.
- Used version control systems like Git for code collaboration and version management.
